Optional: Rectangle from Seasonal Frame Thinlits Dies to cut out middle of Foil

Main Card:	Night of Navy	4 ¼" X 11"	Scored at 5 ½"
1 <sup>st</sup> Layer:	Silver Foil	4" X 5 ¼"	
2 <sup>nd</sup> Layer:	Night of Navy	3 ¾" X 5"	
3 <sup>rd</sup> Layer:	Silver Foil	2" X 4 ¼"	
Top:	Whisper White	2" X 4 ¼"	
Inside:	Whisper White	4" X 5 ¼"	

Mask the shepherds on the star stamp with a sticky note, ink, remove sticky note and then stamp on Whisper White, (or color with a marker). Stamp the Holy family below the star and about ¼" above the bottom. Use the Stampin' Buddy to completely cover your Night of Navy Layer. You do not want runaway flecks of silver embossing to ruin the fabulous effect of silver on Night of Navy. Emboss your Night of Navy layer with silver embossing powder ½" over from the right side and sideways adding the Winter Wonderland Embellishment to the bottom. Tip: Jeans work great to rub off any excess Embossing Buddy powder.

When assembling: focus on the top left and off set each layer ¼".

Card 1: The Holy Family and the inside shepherd are from the All Ye Faithful stamp set in the Holiday catalog. The star and the inside greeting are from the Every Blessing stamp set in the main catalog. All Is Calm, All Is Bright is from the Wonderland set in the Holiday catalog, as well as the trees and snowflakes shown on the second card.

Card 2: Stamp the trees and snowflakes on the outside in Night of Navy, let dry, and then using the two way glue pen add dazzling diamonds glitter to the top of the trees and just a touch on the snowflakes. Be careful not to get the glue outside the navy stamped images which makes a yellowy look on the Whisper White. Stamp the trees on the inside one time and then shadow stamp (stamp again without reinking) moving the stamp over and down.

Money saving tip: Use the rectangle from the Seasonal Frame Thinlits Dies to cut out the inside of your Silver Foil 1<sup>st</sup> Layer to use for the Silver Foil Third Layer. SAL
