

Home For Christmas

Stamp Sets: Jingle All The Way,
Six Sayings

Paper: Whisper White, Red Foil Sheets,
Scrap of Gold Foil for front star

Ink: Real Red

Accessories: 1/8" gold ribbon, Dazzling Diamonds Glitter

Tools: Sleigh Ride Edgelits Dies, Confetti Stars Border Punch, Project Life Cards and Labels Framelits, Big Shot, Two Way Glue Pen, Standard Adhesives & Cutting Tools

Main Card: Whisper White 5 ½" X 8 ½" Scored at 4 ¼"

1st Layer: Red Foil Paper 5 ¼" X 4" Use the smaller rectangle from Project Life Framelits to cut out the middle of the layer. You will use this middle to cut out the red shadows for the house, trees and sleigh, and to punch stars.

Top: Whisper White (4) 5 X 3 ¾"

Inside Whisper White 5 X 3 ¾"

Bottom Strip: Red Foil Paper 5 X 1/8"

Ribbon: 1/8" Gold (2) 6" one for outside bottom, one for inside bottom

With one of the four top Whisper White pieces, place your sleigh edgelit ½" from the bottom right side and 1 ½" up on the left side. Cut. Stamp "home for Christmas".

Place the cut out sleigh piece over a second of four pieces just to plan placement of the trees. The right hand cut is 1 5/8" from the bottom and the left side of framelit is slightly lower than the left side of sleigh so it will be under the sleigh piece, 1 3/8" from the bottom of layers. Set the sleigh piece aside and cut out your tree piece.

Now use the tree piece to plan the placement of the houses on the third of the four pieces. I made the distance on the left side equal to the sleigh piece taking into account that the gold ribbon covers 1/8", so the cut is 1 ¼" above the sleigh piece and 2 ¾" from the bottom left edge. The right edge again needs to go just under the trees so it is 1 ½" from the bottom rt.

Use the edgelits to cut out the sleigh and horse shadow, the tree shadows and the house shadows. Offset them slightly to the left of the white pieces and glue. Glue all three of these pieces, now with red shadows, to the fourth uncut piece. Punch red stars from the foil paper using the confetti star punch and randomly place in sky. Use the two way glue pen on the edges of each layered piece, the tops of the houses and fronts of trees and add glitter. Use largest star of the confetti Star Punch to make one gold foil star for middle of the sky. Add gold ribbon to the bottom and the red foil strip and gold ribbon on the inside bottom. Stamp your inside greeting and Sigh A Loud (SAL) as you admire your work!
