Waterfall Card

Stamp Sets: Petite Pairs
Delicate Doilies

Paper: Whisper White, Melon Mambo,
Flirtatious Specialty DSP

Ink: Melon Mambo

Accessories: White brads, Scallop Dots Ribbon

Tools: Ribbon Horizontal Slot punch, Mat Pack, Paper Piercer,
bone folder, scissors, adhesive, paper cutter.

Main Card: Whisper White 5 1/2" x 8 1/2", Score at 4 1/4"

1st Layer: DSP 5 1/4" x 4"

Inside Layer: Melon Mambo 5 1/4" x 4"
(I used one cut out doily DSP to enhance)

Waterfall Strip: Whisper White 9" x 2"

Score Strip at: -----2"----- 2 3/4 "-----3 1/2 "-----4 1/4 " (3/4" intervals)

Front Belt: Melon Mambo 1" x 4 1/4" Goes out to edge of card

Bottom Squares: Melon Mambo (4) 2" x 2"

Top Squares: Whisper White (4) 1 3/4" x 1 3/4"

Ribbon: Melon Mambo Scallop Dots 3" folded in half

Attach the belt to the DSP using only the brads. The belt ends at 7/8" above bottom of the DSP. The brad is 1/2" down and 1/2" in on the sides of the belt-easy to line up on the mat pack- over 3 holes, down 3 holes in the second section.

When gluing the bottom squares, put snail adhesive on the white 3/4" sections and attach the **top** 3/4" of the square. Slide the waterfall strip under the belt and once again, put the glue on the belt and attach the **bottom** 1" of the waterfall section.

I've seen this card so many different ways. Use it sideways and/or put on little pictures to make a quick album. Use words at the bottom of each section to make a fun greeting, for example Hi Happy Birthday Sister.
