

Mystery Card

Challenge #18

Let's do a gift card holder with lots of layers. Choose three matching cardstocks and a neutral (white or vanilla). Of course, I am looking at a Christmas card and they chose Crumb Cake, Cherry Cobbler & Evening Evergreen.

Cardstock

- Base: $4 \frac{1}{4} \times 5 \frac{1}{2}$ (Color 1)
- Mats (Color 2):
 - $4 \times 5 \frac{1}{4}$
 - $3 \frac{3}{8} \times 4 \frac{3}{8}$
- Folding Mechanism (Color 3)
 - $4 \frac{1}{4} \times 9 \frac{3}{4}$, Score at $3 \frac{1}{4}$ & $6 \frac{1}{2}$
- Neutral – make 2, $3 \frac{1}{8} \times 4 \frac{1}{8}$
- Designer Series Paper
 - $3 \frac{7}{8} \times 5 \frac{1}{8}$
 - $3 \frac{1}{8} \times 4 \frac{1}{8}$
 - $3 \frac{1}{8} \times 2 \frac{3}{8}$
 - 3×6 for envelope flap if desired
- Stamps: Large Christmas greeting for front
- Matching Ink
- Die cut embellishments if desired
- Adhesives
